

Congratulations to the inaugural class of the Certified Impact Philanthropy Advisor Program!

Over the past 20 weeks, these 76 graduates from 14 states and four countries have engaged in independent learning and collaborative discussions to strengthen their fluency in philanthropic advising. They've shared their experience and expertise as financial advisors, philanthropic advisors, nonprofit fundraisers and gift planners, and DAF and foundation grantmakers.

Thank you to our facilitators for creating a safe space for advisors to collaborate and learn. To all of our Certified IPA graduates, congratulations and thank you for trusting us as your partner for growth and impact.
